

24th October, 2023

In order to promote participation of young pharmacologists to the EPHAR2024 Congress, EPHAR has decided that the funds that are annually provided to support EPHAR Lectures will be used to cover the registration of PhD students to the EPHAR2024 Congress. Therefore, there will be no call for EPHAR Lectures for 2024; the call will resume in 2025. We are looking forward to receiving the applications of young researchers via the congress's website.

Prof. Andreas Papapetropoulos
President of EPHAR

Prof. N. Tuğba Durlu-Kandilci
Secretary General of EPHAR
